### **SAVING ENERGY, SAVING MONEY –INCREASING COMFORT**

Since the Buildings and Energy Committee was established in 2008, we have been able to reduce the energy used (oil and electricity) in our Town buildings by about 32%. Heating oil alone, this past winter, was reduced 51% compared to 2008. This has been done through a combination of low tech, low cost steps like programmable thermostats and high tech, higher cost investments like air-to-air heat exchangers (“mini-splits”). Many of the buildings have had air sealing and insulation upgrades. This has resulted in money saved, but even more important is that many of these work and gathering places have become more comfortable.

When the committee was formed, one of the core mandates was to inform and encourage town residents to take similar steps in maintaining and upgrading their own homes. It is our hope that by making these improvements to town buildings and talking about them, we will be fulfilling this mandate. Some of the improvements, the more costly ones, were done through the Green Communities Grant Funds and we hope to be able to access more GC money to make similar energy and comfort improvements within the Warwick Community School. These funds are not available to the individual homeowner, but many rebates and government subsidies are available and can make a substantial difference in your home energy costs and improved comfort.

We are always looking for your input and your questions, so please don't hesitate to contact any of us, and come join us!

 Open every day from 7AM to 2PM

For years I have taken what I call a shortcut from Rt. 2 to I-190 when heading towards Worcester and have passed this restaurant. Anytime between the hours of 7AM and 2PM, the place is always crowded. But I kept forgetting about it when looking for a place to go. Well, I finally remembered it.

Wow, what a find. Went there for breakfast on my way to Connecticut just recently and it certainly will not be my last time. I had the "French Toast and Egg Platter" which included 2 slices of French Toast, eggs anyway you want them, bacon or sausage, home fries and the waitress said "what kind of toast", and I said "French Toast", and she laughed and said "yes, but you get regular toast too". I had 2 platters of food in front of me! My companion ordered the "Pancakes and Egg Platter" and he had more food. 2 dinner plate sized pancakes, eggs, sausage, home fries, and he asked for a blueberry muffin. All this for \$9.99 and it was delicious.

They make their own pastries and all looked tempting. The service was great and they kept your coffee cup filled. I will definitely keep this place on my list of favorites. I can only imagine what lunch is like, I'll try that next.

Don't forget FREE FUN FRIDAY'S. Last month I had listed Friday's into July, so this month I'm listing the rest of July and into August.

## **TRINITARIAN CONGREGATIONAL CHURCH** *of WARWICK*

JULY 2017

Dear Friends,

Words matter. Words used by “authority figures” matter a lot. Words can unite or divide, heal or wound, reassure or foment fear, bring clarity and understanding or confusion and obfuscation. As I write this letter, three of us have just spent the better part of two days at a gathering, in Hartford, CT, of nearly a thousand UCC members from RI, MA and CT. This was the first time all three state Conferences held a joint Annual Meeting. The core issue that brought us all together was to discuss and discern the possibility of forming a union of some sort. What that unified structure would look like would be developed in the coming year if each Conference, in separate meetings, voted to pursue unification.

It isn't hard to imagine that, in a gathering of preachers and church members, a lot of words were spoken. The leadership of the three Conferences, officers, board members and staff, have been engaged in this discussion since 2009 and they talked a lot about the advantages and opportunities involved in joining together to share staff, resources and officers; of having a “larger public presence” in southern New England and beyond. Questions and reservations were expressed by many in the joint sessions about not wanting to lose the connections and autonomy of the local congregations and Associations, which, in UCC/Congregational polity, is where the Holy Spirit is expected to be most active. The idea of a larger bureaucracy with more central power was not something the delegates were friendly to. This could have been a heated and rancorous debate, as we have seen in the political arena, but here, words were carefully chosen to gain clarity and understanding. The care and clarity were paid off with a very positive vote in all three meetings.

In a time of such vitriolic public speech and overt fearmongering, it was a pleasant intermission. The words “diversity” and “different” were used to express strengths and reasons for hope and unity. Expressions of “oneness” and “unity” were invitations to share diverse opinions and visions rather than being presented as demands for loyalty and uniformity. The word “one” was frequently used; one planet, one humanity, one life-giving Spirit giving rise to many expressions of faith, one faith open to learning from and being enriched through contact and discussion with other faith expressions.

What would our nation, our world, look like if, instead of division along lines of party or nation, our leaders shared information and exchanged ideas on how to care for the poor, the sick, the displaced, the lost and lonely? What if the word “one” were used to include rather than exclude? What if we learned that our worth as a human is not dependent on degrading another?

Jesus said, “What you do for the least of these, you do for me”. Mohammed was a renowned peace maker among the warring tribes of his people. The Buddha gave up comfort and privilege for unity with all of life. Abraham welcomed three strangers in the desert and received a blessing. All the major religions are founded on the core belief in a Spirit, a force, a power that is at work in the care and compassion among people.

We have seen the fruits of hateful, fearmongering words in the acts of violence that are spreading terror throughout the world. Isn't it time to say “no” to degrading, dehumanizing, dispiriting speech? The Southern Baptist Convention just did. Pope Francis has. The UCC has. Can't we understand that simple answers to complex problems are not working? Can't we see that hate and violence only breeds more hate and violence? Martin Luther King Jr. said, “Darkness cannot drive out darkness, only light can do that. Hate cannot drive out hate, only love can do that.”

Nelson Mandela claimed that “Hope is believing, in spite of the evidence, then watching the evidence change”.

In hopeful faith, *Dan*

Minutes**

Members present: Dawn Magi, James Erviti, Lawrence Pruyne

Others present: Town Coordinator David Young, Town Secretary Rosa Fratangelo, Finance Committee member Steve Ruggiero, Jared Robinson (*Athol Daily News*)

I. Call to Order

Chair Magi called the meeting to order at 6:00 p.m. in the Town Hall.

Magi declared the first order of business to be the reorganization of the Board, which is done annually at the first meeting after the Town Election. She began by asking for nomination for Selectboard Chair. Pruyne asked the other Board members what they wanted and if they thought a change so someone else could become comfortable as Board Chair. Erviti said he thought change is good and Magi said she did not see herself on the Board past her current term. Pruyne agreed to be nominated as Chair.

Erviti MOVED to nominate Lawrence Pruyne for Selectboard Chair. Magi SECONDED.  
Motion CARRIED 3-0-0.

Pruyne MOVED to nominate Jim Erviti as Vice Chair. Magi SECONDED. Motion CARRIED  
3-0-0.

Pruyne MOVED to nominate Dawn Magi Clerk of the Selectboard. Erviti SECONDED.  
Motion CARRIED 3-0-0.

Pruyne took over the meeting as Chair.

II. Minutes

Magi noted that there was an error in the third line up from the bottom of the first page: there needed to be a space between the words “truck” and “so”.

Erviti MOVED to approve the minutes of May 8, 2017 as corrected. Magi SECONDED.  
Motion CARRIED 3-0-0.

### III. Presentations and Discussions

- 1. Capital Planning Committee Formation**—Young said that he had been contacted by resident John Gagliani who said he would be interested in serving on the Capital Planning Committee. Erviti said that the Finance Committee should be set with enough members and meet prior to the formation of a Capital Planning Committee. Young noted that Gagliani had expressly stated he was not interested in being on the Finance Committee, but rather solely capital planning. There was a consensus of the Board that Young can continue to speak with Mr. Gagliani about capital planning.

Finance Committee member Steve Ruggiero favored capital planning being part of the Finance Committee responsibility. Magi noted that the Highway, Police and Fire were the main departments; Young added the school and town buildings. Ruggiero said an audit of their equipment and a capital plan for the next five years should be asked for and that it should be expected as part of the department head's job. Young said that he will continue to recruit potential members for the Finance Committee for the Moderator's consideration and appointment.

- 2. Highway Department Report** —Young said that Highway Superintendent Larry Delaney had a prior commitment at 5 p.m. and would be unable to attend tonight's meeting. He said that the one mile of Northfield Road was scheduled for re-grind and cold-in-place pavement recycling on May 23<sup>rd</sup> and advised everyone to avoid travel on Northfield Road for that day. Young said that it appears that \$500,000.00 will not be sufficient to complete the Gale Road bridge project. He explained that environmental permitting would be quite costly. He said that Delaney will come to the Board's next meeting to discuss the matter further. Young noted that work cannot commence on the Gale Road bridge until sufficient funds have been acquired so there is no hope that work will begin this construction season.
- 3. Broadband New Part-Time Hires** —Young said that he wished to hire all three applicants who responded to an ad in the *Athol Daily News*. Erviti said that it is appropriate to list references and important to have these references checked before hiring. Young said that he checks by having them work for him, and that all three performed well. He said that he needed them hired to move projects along. Pruyne said that he could personally vouch for Matthew Woollven.

Magi MOVED to hire Timothy Gray and Matthew Woollven at \$16.00 per hour and Noah Horton at \$11.00 per hour for Warwick Broadband projects. Contingent upon satisfactory reference checks. Erviti SECONDED. Motion CARRIED 3-0-0.
--

- 4. Set Date for Broadband Pole Hearing** —Young requested that the pole hearing for Warwick Broadband be set for Monday, June 5, 2017 at 7 p.m. as part of the Selectboard meeting. He said that he needs to get the work going. Young noted that Town Counsel said that a hearing must be held.

Magi MOVED to schedule the Broadband Pole Hearing on Monday, June 5, 2017 at 7 p.m. Erviti SECONDED. Motion CARRIED 3-0-0.

- 5. Re-Ratify Buy Recycled Products Policy**—Young said that this policy was originally adopted by the Selectboard back in 1998. He explained that DEP grant eligibility requires this policy be in place and to re-ratify it would strengthen our stand with respect to future grant applications. Young also pointed out that this version requires a minimum of 30% post-consumer recycled content, whereas the 1998 version required only 20%.

Magi MOVED to re-ratify the Recycled Products Purchasing Policy. Erviti SECONDED. Motion CARRIED 3-0-0.

- 6. Selectboard Reports**—Magi said that she was almost run off the road by a semi-truck on Route 78 and wondered how much damage these trucks do to our roads and if their weight exceeds the maximum capacity for the small bridges. Young said that speed enforcement is the best way to control the problem. Ruggiero inquired if the speed limit can be lowered and suggested it be set at 35 mph. Erviti said that the recent State speed study determined the speed limits. Young noted that these speed limits have been filed with the courts. Pruyne asked the other Board members if they had read his Email regarding President Trump. Magi said that she felt there are enough others looking into this already and that we have enough to deal with here in Town. Erviti said that he read the Constitution and by his reading he found it unclear as to whether Trump is in violation.
- 7. Coordinator Report**—Young said that the heat pump project application was submitted on May 12<sup>th</sup>, reviewed by DOER and approved on May 16<sup>th</sup>. He said that construction would commence as soon as May 23<sup>rd</sup>. Young noted that the completion of this project will allow us to get very close to achieving the mandatory 20% reduction in energy usage by town government within 5 years.
- 8. Public Comment**—None.
- 9. New and Other Business Unanticipated at Time of Meeting Posting** —None.

#### IV. Adjournment

At 6:57 p.m., Magi MOVED to adjourn. Erviti SECONDED. Motion CARRIED 3-0-0.
